STATEMENT FROM JIM KELLER ON ROLLING STONE ARTICLE 'INSIDE
THE WORST CONGRESS EVER'

"I have just read an article in *Rolling Stone* by Matt Taibbi titled 'Inside the Worst Congress Ever.' Taibbi's article seems to have a strong anti-Republican, pro-Democrat leaning, though the article itself admits many of the trends he rails against began when Democrats controlled the Hill.

"Taibbi concludes, 'The only way to change it is to get rid of it.' I couldn't agree more. Voters have the option, every two years, of replacing every single person serving in Congress. But for real change, America needs to inform itself about third-party candidates."
